

**an exclusive camp with a long history of personal service  
and wilderness experience**

After 15 years as our own private, exclusive eco-lodge, Naitolia Camp in the northern Tarangire ecosystem will be opened from the 1st June 2011.

Set in a private 12,000 acre concession on the Lemiyon plains, Naitolia Camp offers walking safaris, night drives and exceptional birding opportunities.

With only four bandas, Naitolia is probably the most exclusive camp in Tanzania.
